Supporting statement 1

We would love to know a bit about you, please tell us a bit about your family, hobbies, interests and life achievements.

Supporting statement 2

What we do at Pillow is not just property management, it is about creating customer experiences. When it comes to the guests that stay in our properties it is equally about hospitality and making their stay as great as possible. We constantly work to get links with local businesses and organisations that we can joint venture with to add value to guests. Please give a few examples of ideas you have for links with external organisations and businesses to enhance a guests stay.

Supporting Statement 3

At Pillow we are a family and look to develop a strong team with everyone working together. We have a strong culture of going above and beyond for our clients and always being the best we can be. Each staff member takes pride and responsibility for their own work. We always achieve our goals when we set them and never make excuses when things don't go to plan. We don't turn up late, break promises or let people down – ever.

However, this type of workplace is not for everyone and many people do not fit in. Someone that moans, always has drama, is negative, doesn't turn up when required, is unreliable, always makes excuses etc simply will not fit in at Pillow.

Is this a culture you would be suited to?

Supporting Statement 4

If successful, please tell us how you would see your first month with Pillow looking like? What would be your first actions to start building the portfolio and getting new clients?

Please describe any additional material you have included to support your application

PLEASE READ CAREFULLY

We are looking for a long-term member of our team and not someone who is just looking for a job until something else comes along. We plan to train and develop someone and for them to be part of the family for many years. Therefore this position is not suitable for everyone so please consider this carefully before applying.

I understand that any misrepresentation or material omission made by me on this application will be sufficient cause for cancellation of this application or immediate termination of employment if I am employed, whenever it may be discovered.
